

## AN AKRON MAN.

MR. WILLIAM E. STEESE.  
Mr. William E. Steese, 701 Coburn St., Akron, Ohio, writes:

"I have been troubled for several years with catarrh of the stomach. Have used different patent medicines to no effect whatever, and have doctored considerable with family doctor. 'Sometimes his treatment would relieve me for a few weeks, but would eventually have to go back to him, and that had kept up for several years. 'I was advised to use Peruna, and have taken three bottles. Never felt so good in my life. Am going to continue using it. Won't be without it in the house. I will gladly recommend it to any one afflicted with catarrh of stomach, or stomach trouble of any kind."

The above is an oft-repeated story. Troubled for years with chronic catarrh. Tried different remedies and doctors to no avail. Peruna was advised by friends. Instant relief experienced. Great gratitude to Peruna expressed. This, in brief, is a story that is repeated to us a great many times every year.

No one could be in touch with our vast correspondence for one month without being impressed with the sincerity and truthfulness of these kind of testimonials.

Peruna promptly produces an appetite, corrects digestion and relieves stomach difficulties that have resisted other treatment.

### Will Your Boy Go to College

It is natural that parents desire to give the boy or girl the benefits of a college education. The item of expense in many instances, precludes the wish.

We know of one father, who in order to fulfill his ambition for a good education for his son, has laid aside each year since the boy was ten, one hundred dollars in a savings account.

In this manner he will have provided the necessary expense money by the time the son is twenty.

A savings account can be put to any number of good uses.

### Other Notes Of Interest From The Court House

After battling in the court of common pleas for nearly three days and just as the arguments were to be made Thursday morning about nine o'clock the case of Thomas Jefferson Mapes vs. Dillon Mapes (brothers) came to a sudden termination when the fact was announced by the attorneys that the case had been settled.

By the terms of the settlement the defendant deeds to the plaintiff the 58-acre farm in Morris township, without the buildings, and retains part of the home farm with all the building. Each party is to pay his costs in the case.

The first effort to settle the case was made about three o'clock Wednesday afternoon when it was up to the arguments in the case. At the above hour the attorneys asked the court to recess the case until Thursday morning at 9 o'clock as there was a possibility of the case being settled. Thursday morning it was announced that the terms of the settlement had been agreed upon.
